

Caravaggio P4

By Cecilie Manz 2006

Caravaggio P4, E27

Surface: Black/white high-gloss lacquered
Class: IP20, Class of insulation II
Light source: E27 max 200W

Large room pendant with feminine lines

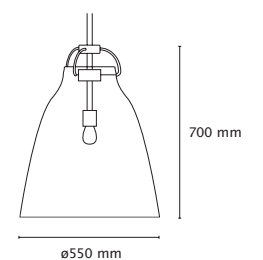

The introduction of the P4 large room pendant represents the natural development of the successful Caravaggio pendant series. Caravaggio P4 looks its best in large high ceiling rooms, whether this is business premises, public environments or in private homes.

Adapted to different light requirements

There are three different versions of the P4 large room pendant. The incandescent lamp version gives a soft comfortable light, particularly suitable for the private market and interior applications
