

SALT- AND PEPPER RASPS

Salt and pepper rasps - Danish classics with international reputations.

Hold the salt or pepper rasp with one hand, press the button down with the thumb to release freshly milled salt or pepper. After use, place the rasps in the holder

- ✓ The rasps are easier to use than traditional mills because they are operated with one hand.
- ✓ The salt and pepper rasps are selected for the permanent collection at the Museum for Modern Art in New York.

The salt and pepper rasps are made from aluminum with a patented rasp mechanism invented in Denmark.
