

WINE POURER

The Grand Cru wine pourer - no more drips on the tablecloth.

Simply place the wine pourer in the bottle opening and start pouring.

- ✓ The Grand Cru wine pourer allows the wine to flow at a constant low speed, letting the wine aerate on its way into the glass.
- ✓ The sharply defined edge of the wine pourer prevents the wine dripping on to the table.
- ✓ The wine pourer fits almost all bottles.
- ✓ The wine pourer also fits both the Grand Cru serving carafe and the small carafes.

The Grand Cru wine pourer is made from matt polished stainless steel and black rubber.

Product name: Wine Pourer

Designer: Erik Bagger

Art. No.: 5037

Length: (cm) 8
